Coaching for a Better World

Many NGOs bring good things into the world. But most of them fail to realize their potential, partly due to the lack of experience of their leaders. Coaching can help!

The Cosmikk Foundation provides leaders of purpose-driven NGOs with funding for coaching, leadership workshops, and organizational development interventions.

Purpose-driven NGOs are nonprofit organizations whose goal is to bring at least one of the UN's Sustainable Development Goals into the world, e.g. humanitarian aid, environmental protection, or gender equality.

The charitable trust Cosmikk Foundation was founded in 2022 by Uwe Achterholt and Karsten Drath and is providing support through financial means only. Legally, it is a trust of the foundation “Stiftung für Stifter” in Munich, Germany.
